Re: Case # 22-10964, Celsius Network LLC., et al.

Subject: Requesting withdrawal of cryptocurrencies in Celsius.

To The Honorable Martin Glenn,

I am a Canadian citizen and I am a father to several young children. On Nov 04, 2021 I deposited 0.00642400 BTC, 0.08528584 ETH and 197.93376100 ADA (\$1184.33 back then, now \$388.92 at the time of writing this letter). These are cryptocurrencies I paid for with my hard-earned money and in good faith I put them in Celsius, as I would put my money in a bank. I had to report these transactions on my Canadian taxes this year.

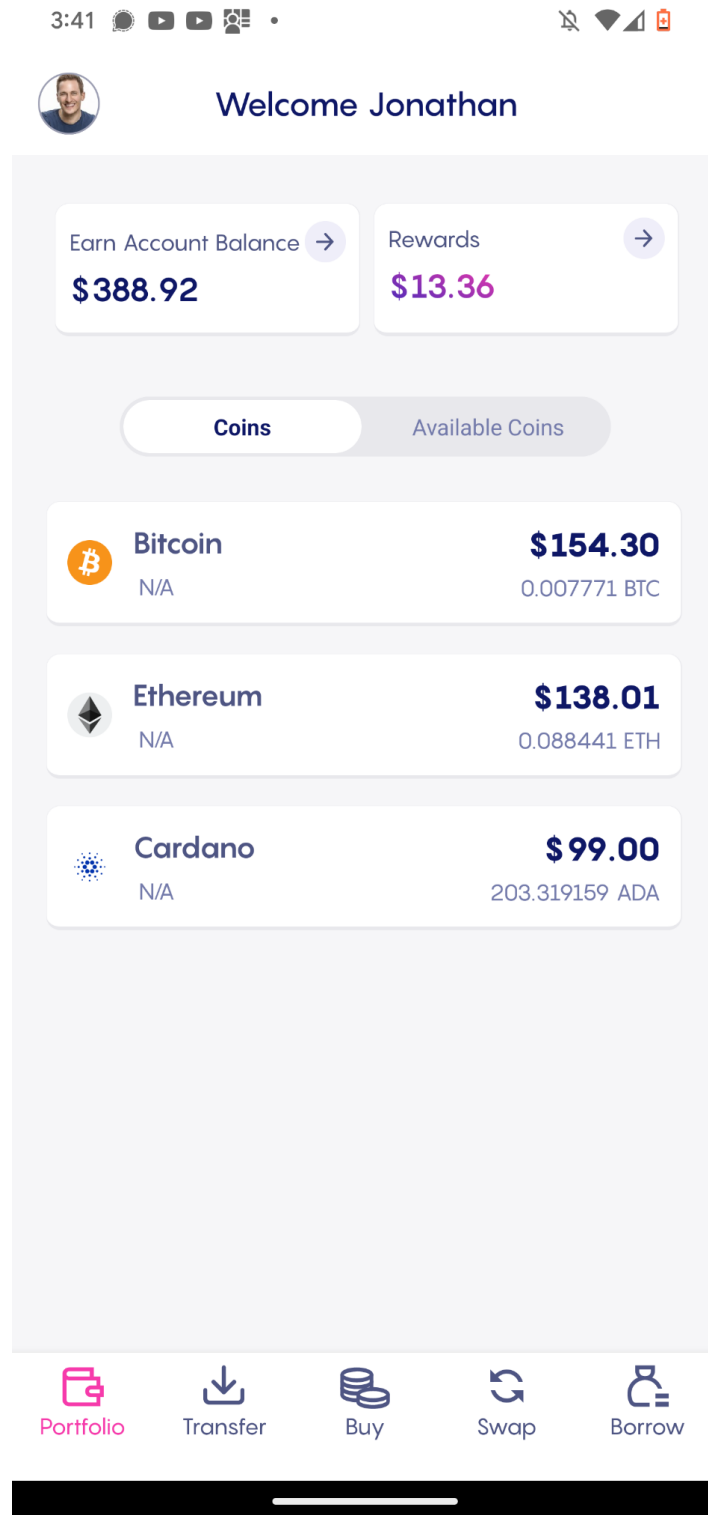

I know my deposits might seem small compared to others, but for my situation it is significant. I am requesting that I be allowed to withdraw my cryptocurrency in its original BTC, ETH, and ADA form. I am okay if I do not get the \$13.36 in rewards my cryptocurrency has accrued since I deposited it. Your honor, I would really appreciate being able to retrieve my funds in a timely manner for my family needs.

Hopeful Regards,

Jonathan Boldt

Internal id	Date and time	Transaction type	Coin type	Coin amount	USD Value	Original Reward Coin	Reward Amount In Original Coin	Confirmed
